Get exposure. Go [Blockspot.io](https://blockspot.io)

[blockspot.io](https://blockspot.io)

## What is Blockspot.io

Blockspot.io, founded in 2018, is an informative data aggregation platform for topics related to blockchain technology.

Blockspot.io delivers unique and useful content to new and experienced blockchain and cryptocurrency enthusiasts. We track coins, wallets, exchanges, github commits, social channels, websites and whitepapers to keep investors informed.

Blockspot.io strives to be as accurate and complete as possible. All data collected is verified using multiple validation methods including manual verification by the respective teams. Manually verified projects receive a verified badge.
